Guidelines for Development Plans

Guidelines for Development Plans

- ☐ How should I approach my Dev. Plan ?
- ☐ What skills should I focus on ?
- ☐ What goes into a Development Plan ?
- ☐ How can I add/update my skills ?
- ☐ How do I track and manage my progress ?

Guidelines for Development Plans

How should I approach Dev Plans ?

Think about the ongoing initiatives around the company focused on continuous improvement. There are three key areas of focus (People, Process & Technology) that are the cornerstone for all best practices in growth-oriented companies. Staff already have objectives focused on Process & Technology improvements. You can think of your own development plans as your **People Improvement plans** for continuous improvement of your skills and overall value to the company.

Guidelines for Development Plans

What skills should I focus on ?

- ❑ **The Training Plan is based off a set of skills grouped in the following categories:**
 - Soft Skills
 - Business Skills
 - Management Skills
 - SA Skills, Language
 - DB & Middleware

Guidelines for Development Plans

Guidelines for Development Plans

What goes into a Development Plan ?

- ☐ 360 Feedback from peers, clients and managers.
- ☐ Performance Reviews from your manager focusing on strengths & weaknesses
- ☐ One-on-One meetings with your manager
- ☐ Your own career goals:
 - Where do you want to be in 3yrs, 5 yrs, beyond ?
 - What skills will it take to achieve your goals ?
- ☐ Guidance from your manager resulting from succession planning.

Guidelines for Development Plans

How can I add/update my skills ?

- ☐ Contact a subject matter expert (SME) with the skill you wish to add/improve as a mentor or “buddy”.
- ☐ Suggest one or more projects to exercise your skills.
- ☐ Practice techniques that will improve your skills at work and off hours (typically applied to non-technical skills).
- ☐ Locate books or reference material that will provide immediate and ongoing guidance.
- ☐ Use the internet to obtain information on best practices and new technology.
- ☐ Identify classes that may be helpful.

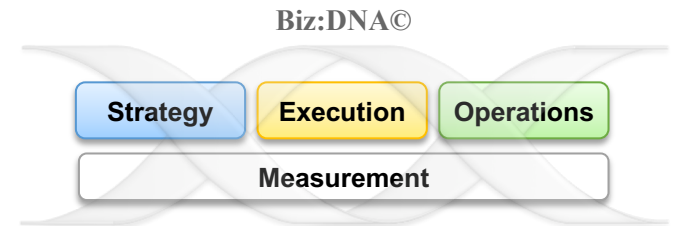

Guidelines for Development Plans

How do I track and manage my progress ?

- ☐ Review your development plans each month to track progress.
- ☐ Adjust development plans based on feedback from your manager (one-on-one mtgs)
- ☐ Adjust plans based on availability of training and opportunities to improve skills.
