

# CAEAP: Product Roadmap

3-Year Plan for delivering Products & Services

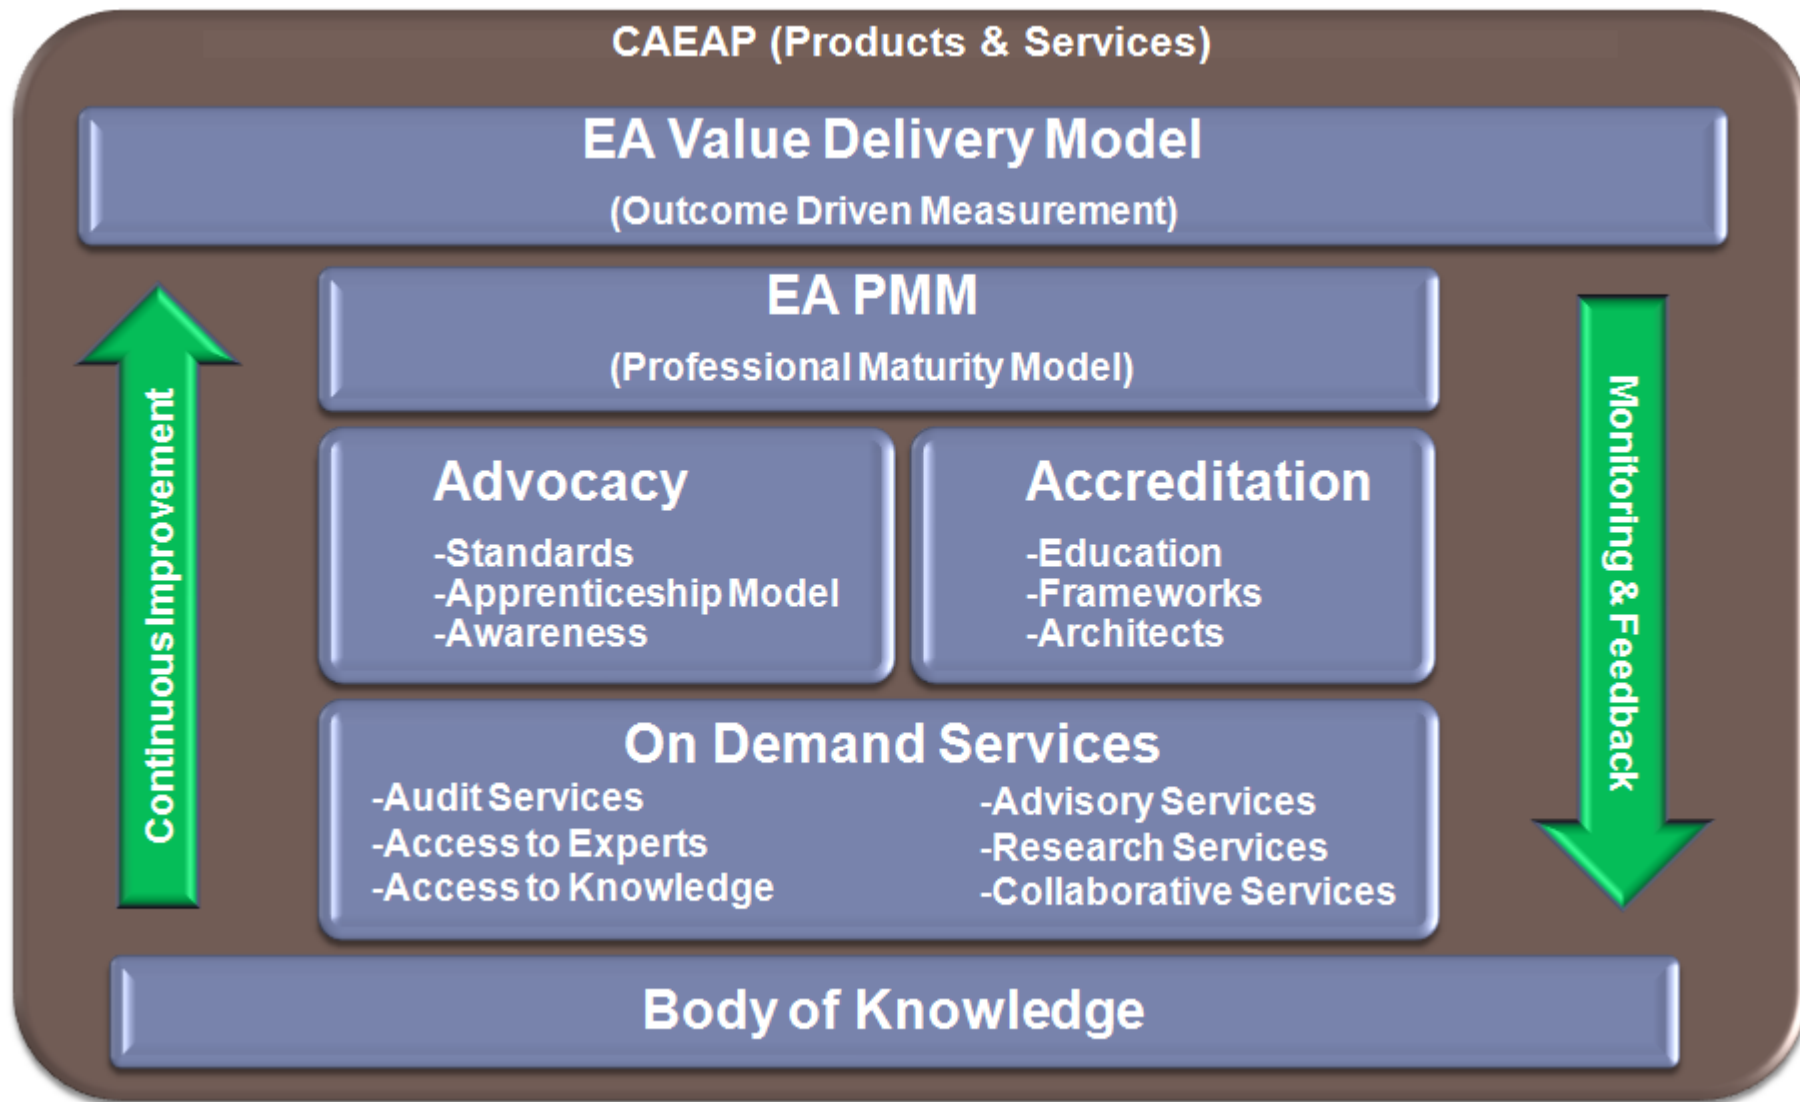

Jeff Wallk

Director of Product & Services

***“Advocacy Body for...  
The Public, The Practice, The Profession”***

# CAEAP Value Delivery Model

# EA Value Measurement Repository

---

- Build an IP portfolio of jobs & outcomes:
  - For measuring value
  - For capturing customer (Public & Practitioner) needs
  - For guiding continuous improvement & innovation
- Using a repository of outcomes will:
  - Provide Practitioners with a consistent set of metrics for measuring value with precision.
  - Provide the Practitioners with a consistent benchmark for evaluating products and services to deliver their services.
  - Provide the Public with a consistent benchmark for selecting products, services, and practitioners to address their desired outcomes (needs).

# EA Value Measurement Repository

---

- Year 1
  - Form a steering committee to oversee this multi-year program
  - Obtain funding to secure resources for the qualitative analysis
  - Identify areas to focus on for the initial pilot studies
  - Conduct initial pilot study
    - Qualitative Phase
    - Quantitative Phase
    - Capture desired outcomes in a repository (IP)
    - Publish results within CAEAP leadership
  - Communicate results with CAEAP members & partners
  - Create ideation team with representatives from CAEAP leadership, members, and partners to identify areas for continuous improvement and innovation in EA services.

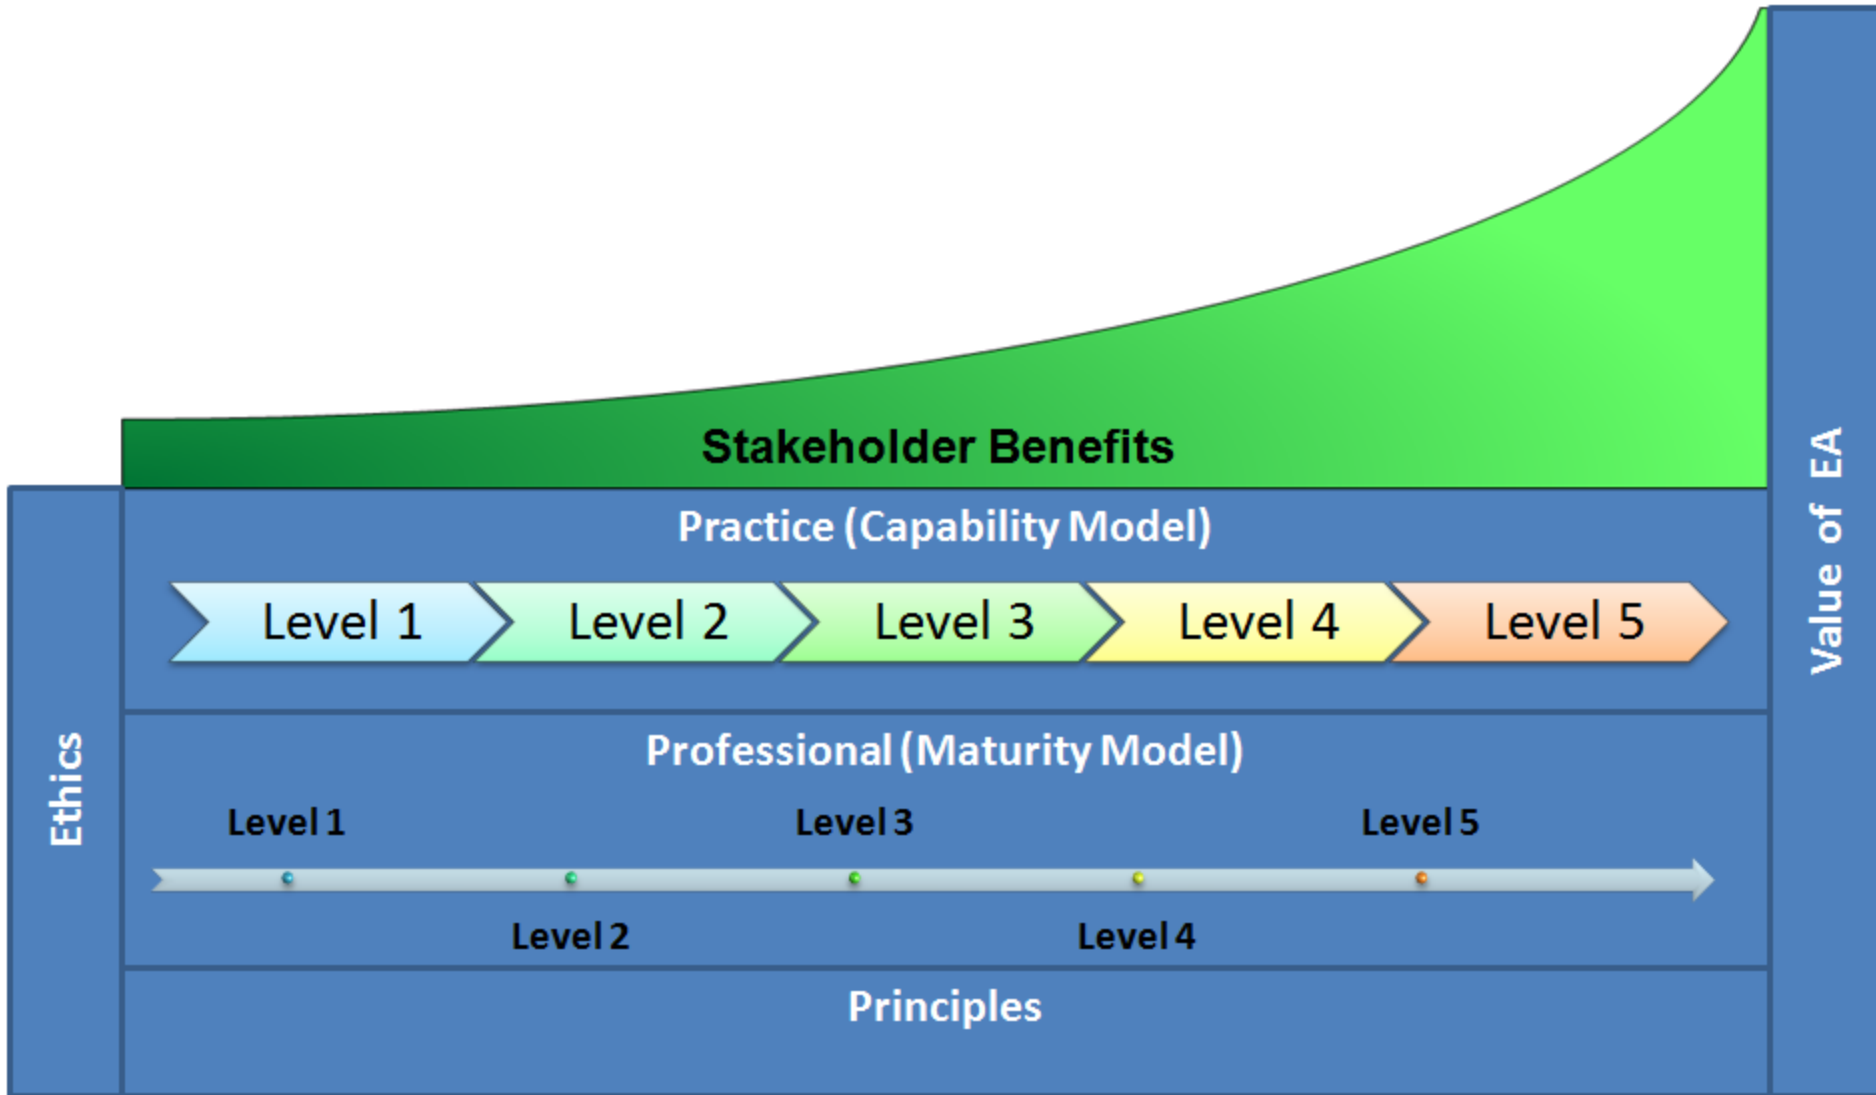

# EA Value Measurement Repository

---

- Years 2- - -
  - Identify areas to focus on for additional pilot studies
  - Conduct new pilot studies
    - Expand the EA Value Measurement Repository
  - Develop a licensing model for the IP
  - Continue promoting the results (w/o) publishing them to non-subscribers
  - Expand and mature the ideation sessions to promote ongoing continuous improvement and innovation throughout EA service providers, practitioners, and the public.

# EA Professional Maturity Model

# EA Professional Maturity Model

---

- Year 1
  - Derive a 5-Level model of best practices from the PPG workstream.
- Year 2
  - Augment the EA Maturity Model with On Demand Services by auditing, consulting, and educating practitioners on ways to optimize each level and progress to the next level in the maturity model.
- Year 3
  - Segment the EABoK by levels of maturity to further aid practitioners with relevant knowledge at each level.
  - Establish a program to provide privileges, visibility, and status recognition for organizations that attain Level 5.

- Standards
  - Year 1
    - CAEAP will publish standards of practice and that embody the code of ethics and principles adopted in our doctrine.
  - Years 2-3
    - These standards will be aligned with the value-driven measurements to ensure consistency and auditability of the practice.

- Awareness
  - CAEAP will support the ongoing knowledge acquisition required to maintain fluency in best practices across the profession as well as deeper explorations into specific domains and/or specialties within the practice of EA.
- Awareness
  - CAEAP will offer practitioners a variety of ways to obtain knowledge and maintain their awareness:

- Awareness Programs
  - Year 1
    - Monthly newsletter
    - Webinars
    - Annual Summit
  - Year 2
    - Networking events
    - Access to online content (EABoK)
    - Publications (books, articles, white papers)
  - Year 3
    - Journal of EA
    - Audio podcasts / Video broadcasts
    - Seminars

- Apprenticeship Model
  - Year 1
    - Establish workstream to develop accredited apprenticeship program
    - Develop process for certifying EA Masters
    - Define advocacy program for apprenticeship
    - Certify first Masters
  - Year 2
    - Establish matchmaking registry
    - Actively market apprenticeship program and registry
    - Establish apprentice tracking program
  - Year 3
    - Produce case study
    - Modify program as needed based on tracking & feedback
    - Expand rollout

- Proposed Roadmap (need Mark G's input)
  - Year 1
    - Define the requirements for educational needs
    - Define the frameworks for accrediting EA Professionals
    - Define the process for accreditation
  - Year 2
    - Identify the institutions who will provide education (US)
    - Identify the team who will be responsible for reviewing and approving submissions for accreditation (for individuals)
  - Year 3
    - Identify the institutions who will provide education (International)
    - Identify the team who will be responsible for reviewing and approving submissions for accreditation (for organizations)

# On Demand Services

---

- Advisory Services

- Year 1

- Identify 6 PPG Workstream chapters that we want to promote as offerings, which would be owned (managed) by the Chapter Leads (potentially) to generate revenue.
    - Get 2-3 of these chapter leads to conduct at least one seminar on their content
    - Publish content (deliverables from 3-4 chapters) in the EABoK
    - Develop a service offering around LEAP (promoting leadership amongst EA professionals & orgs)
    - Align LEAP with PPG Chapters (as there is some cross-pollination)

- Year 2

- Expand the involvement of chapters to include the remaining 6 chapters
    - Add additional PPG chapters as appropriate to conduct seminars
    - Publish additional content from the remaining PPG chapters
    - Rollout LEAP offerings to a few organizations

- Year 3

- Expand PPG chapters offerings to include webinars, seminars
    - Expand the scope of the offerings within each of the PPG chapters
    - Expand content publishing into the EABoK
    - Expand LEAP offerings to a few organizations

# On Demand Services

---

- Audit Services
  - Year 1
    - Define a program for conducting audits of organizations that wish to obtain EAMM level status
    - Define a program for conducting audits of educational institutions that provide EA Professional training
    - Define a program for conducting audits of organizations that have achieved certification for EA Professional to ensure they are compliant with standards, practices, education, and CAEAP ethics & principles.
  - Years 2 - 3
    - Begin rolling out one or more of these programs to CAEAP member organizations and institutions

# On Demand Services

---

- Access to Knowledge
  - Year 1
    - Develop a marketing program to promote the knowledge offerings.
    - Develop a pricing model, access services, and framework for capturing revenue and managing membership access levels.
  - Year 2
    - Mature the marketing program to drive revenue for these knowledge offerings
    - Implement the controls & framework (including automation) to support the service offerings
    - Rollout the initial service offerings to a select set of members
    - Expand the service offerings to additional members as the processes mature
  - Year 3
    - Expand the service offerings to all the members
    - Expand the service offerings to the public
    - Expand the content offerings (from both internal & external sources)

# On Demand Services

---

- Research Services
  - Year 1
    - Define areas for surveying the EA Public, Profession, and the Practitioners
    - Identify areas for researching areas of EA to expand knowledge and/or further develop best practices
    - Define a set of research services to offer to the public, the practice and the profession
    - Define a promotion and pricing model for generating revenue for these types of services

# On Demand Services

---

- Research Services
  - Year 2
    - Conduct a few studies on existing practices in EA and publish results through the promotion and pricing models defined previously
    - Conduct surveys that compliment the Quantitative phases w/in one or more existing pilots for EA Value Measurement
    - Begin mining the desired outcomes from the EA Value Delivery repository to identify new opportunities that flow across jobs
    - Continue to mature the communications around these offerings to gain visibility, legitimacy, and drive revenue.

# On Demand Services

---

- Research Services
  - Year 3
    - Expand the research studies
    - Continue improving / maturing the service delivery & pricing
    - Conduct surveys to assess how well organizations are addressing the desired outcomes for the public (those who are receiving EA Professional services)
      - Provides us with additional insights on gap analysis
    - Identify partners to conduct studies in EA to explore specific domains and/or specialty areas with the EA profession.

# Advertising

---

- Year 1
  - Advertise / promote partners of CAEAP
    - Gold, Silver, Bronze memberships
  - Employment opportunities for EA positions (under CAEAP umbrella)
  - Deploy web-based bots to generate revenue from website and social media sites
- Years 2 - 3
  - Co-Branding of CAEAP with other partners & institutions to increase visibility, identify opportunities to collaborate, and share knowledge
