

Sustainable Growth Assessment

The assessment is structured in 5 data entry sheets, one for each dimension of growth (Strategy, Execution, Operations, Measurement, & Culture). The DNA for growth is built upon the first 4 dimensions, but change only happens when the culture is properly nurtured and supported.

© The Value Enablement Group, LLC.

The Right Value

are we giving customers and stakeholders what they want?

The Right Problems

are we solving the right problem?

The Right Ideas

are we reaching far enough?

The Right Solutions

are we designing for the solution and for scale?
